

PRIVACY NOTICE

Badgerswood & Forest Surgery

This privacy notice explains why Badgerswood & Forest Surgery collects information about you, how we keep it safe and confidential and how that information may be used.

Why we collect information about you

Health care professionals who provide you with care are required by law to maintain records about your health and any treatment or care you have received within any NHS organisation. These records help to provide you with the best possible healthcare.

We collect and hold data for the sole purpose of providing healthcare services to our patients. In carrying out this role we may collect information about you which helps us respond to your queries or secure specialist services. We may keep your information in written form and/or in digital form. The records may include basic details about you, such as your name and address. They may also contain more sensitive information about your health and information such as outcomes or needs assessments.

Details we collect about you

The health care professionals who provide you with care maintain records about your health and any treatment or care you have received previously or elsewhere (eg NHS Hospital Trust, other GP surgery, Out of Hours GP Centre, A&E, Walk-in clinic etc). These records help to provide you with the best possible healthcare.

Records which we may hold about you may include the following:

- Details about you, such as your address and next of kin, emergency contacts
- Your home telephone number, mobile number, email address
- Any contact the surgery has had with you, such as appointments, clinic visits, immunisations, emergency appointments etc.
- Notes and reports about your health, treatment and care
- Results of investigations, such as laboratory tests, x-rays etc.
- Relevant information from other health professionals, relatives or those who care for you, or information provided to the surgery by you (including that provided via our surgery website)

How we keep your information confidential and safe

All your GP NHS health records are kept electronically. Our GP records database is hosted by EMIS Health Ltd, who is acting as a data processor, and all information is stored on their secure servers in Leeds, is protected by appropriate security, and access is restricted to authorised personnel.

We also make sure that data processors that support us are legally and contractually bound to operate and prove security arrangements are in place where data that could or does identify a person are processed.

We only email you, or use your mobile number to text you, regarding matters of medical care, such as appointment reminders. Unless you have separately given us your explicit consent, we will not email you for non-medical matters.

We maintain our duty of confidentiality to you always. We will only ever use or pass on information about you if others involved in your care have a genuine need for it. We will not disclose your information to any third party without your permission unless there are exceptional circumstances (ie life or death situations), or where the law requires information to be passed on.

How we use information about you

Confidential patient data will be shared within the healthcare team at the practice, including nursing staff, admin staff, secretaries and receptionists, and with other healthcare professionals to whom a patient is referred. Those individuals have a professional and contractual duty of confidentiality.

Details of who is authorised to access your GP record can be found on our website.

Data Processors

Badgerswood & Forest Surgery uses data processors to perform certain administrative tasks for us, particularly where these involve large numbers of patients. Details of these data processors can be found on our website.

Referrals for specific health care purposes

We sometimes provide your information to other organisations for them to provide you with medical services. We will always inform you of such a referral and you always have the right not to be referred in this way. These include:

- Referrals for home oxygen services (“HOOF”)
- Referrals for Diabetes dietary advice (“DESMOND”)
- Referrals for Diabetes Eye Screening (“DESP”)
- Referrals for NHS Health Checks

Data Sharing Schemes

A number of data sharing schemes are active locally, enabling healthcare professionals outside of the surgery to view information from your GP record, with your explicit consent, should that need arise. These schemes are as follows:

- The National Summary Care Record (SCR)
- The Hampshire Health Record (HHR or CHIE)
- EMIS Web data streaming (A&E and GP out of hours)
- Remote Consultations (GP out of hours)
- Aداstra Web Access (GP out of hours)
- SCAS (Ambulance service)

Details of these schemes, and of your right to opt-out of any or all of them, can be found on our website.

Mandatory disclosures of information

We are sometimes legally obliged to disclose information about patients to relevant authorities. In these circumstances the minimum identifiable information that is essential to serve that legal purpose will be disclosed.

That organisation will also have a professional and contractual duty of confidentiality. Data will be anonymised if at all possible before disclosure if this would service the purpose for which the data is required.

Organisations that we are sometimes obliged to release information to include:

- NHS Digital (eg the National Diabetes Audit)
- CQC
- DVLA
- GMC
- HMRC
- NHS Counter Fraud
- Police
- The Courts
- Public Health England
- Local Authorities (Social Services)
- The Health Service Ombudsman

In the event of actual or possible legal proceedings, we may need to disclose information from an individual's GP record to a medical defence organisation.

Permissive disclosures of information

Only with your explicit consent, Badgerswood & Forest Surgery can release information about you, from your GP record, to relevant organisations. These may include:

- Your employer
- Insurance Companies
- Solicitors
- Local Authorities
- Police

Accessing your information on other databases

Badgerswood & Forest Surgery can access certain medical information about you, when relevant or necessary, that is held on other databases (ie under the control of another data controller). These include Hospital Trusts and NHS Digital's Open Exeter database. Accessing such information would only be for your direct medical care.

Research

Badgerswood & Forest Surgery sometimes undertakes accredited research projects. Where this involves accessing or disclosing identifiable patient information, we will only do so with the explicit consent of the individual and Research Ethics Committee approval. Badgerswood & Forest Surgery is currently involved with other research

projects such as the Clinical Practice Research Database (CPRD and we do not permit secondary processing (eg for research, “analytics”, commissioning, commercial or political purposes) of our patients’ information uploaded to the Hampshire Health Record.

Your right to opt-out of sharing your information

You have the right to opt-out (or object) to ways in which your information is shared, both for direct medical care purposes (such as the national NHS data sharing schemes), ie primary uses of your information, or for purposes other than your direct medical care – so-called secondary uses.

Details of these purposes, and how you can opt out, can be found on our website.

Accessing your own medical information

You have the right to access your own GP record. Details of how to do this can be found on our website.

You can also sign up to have secure online access to your electronic GP record. Again, details of how to do this can be found on our website.

Notification

The Data Protection Act 1998 requires organisations to register a notification with the Information Commissioner to describe the purposes for which they process personal and sensitive information. We are registered as a data controller and our registration can be viewed online in the public register at <https://ico.org.uk>

Complaints

If you have concerns or are unhappy about any of our services, please contact the Practice Manager. Details of how to complain are on our website, or available in surgery.

For independent advice about data protection, privacy and data sharing issues, you can contact:

The Information Commissioner
Wycliffe House
Water Lane
Wilmslow
Cheshire SK9 5AF
Tel: 0845 630 6060
Website: www.ico.gov.uk

Further Information

If you would like any further information about primary or secondary uses of your GP record, opting out, the NHS databases, access to your medical record, confidentiality, or about any other aspect of NHS data sharing or your medical records, then please do contact the surgery’s Caldicott Guardian/Information Governance Lead
Dr Charles Walters
